 +91 8600804627

 Pune, India

### Profile

Frontend Developer with over 5 years of experience in the IT industry, including 4.6 years of solid professional experience specialising in modern web development. Skilled in building scalable, high-performance, and user-centric applications using Angular as the primary technology. Adept at translating complex business requirements into responsive, intuitive UI solutions while following best practices in code quality, performance optimization, and cross-browser compatibility.

### Work Experience

**Software Engineer,** Productiva IT Solutions Pvt. Ltd.  
January 2025 - Present

- Led a team of 4 Angular developers, assigning tasks based on Business Analyst (BA) requirements and resolving blockers to ensure smooth project progress.
- Developed and maintained a shared common library used across multiple projects, implementing new features to enhance reusability and efficiency.
- Collaborated closely with the team to troubleshoot and resolve critical roadblocks, ensuring timely delivery of high-quality code.

**Software Engineer,** NeoSOFT Pvt. Ltd.  
March 2024 - June 2024

- Collaborated closely with sales managers to gather and understand project requirements, ensuring alignment with client expectations.
- Addressed and resolved development roadblocks through regular communication with managers, ensuring smooth project progression.
- Developed and delivered high-quality software solutions within specified timelines, meeting business and technical objectives.

**Sr. Angular Developer,** Laboni Media Solutions  
Aug 2023 - March 2024

- Worked as a Team Lead in the Education domain, managing a team of 3 Angular developers.
- Led the design and development of multiple web-based projects for the Delhi Education System, including an MCQ Portal, Survey Platform, and an Online Learning System. Oversaw project planning, UI/UX decisions, and front-end architecture to ensure timely and scalable delivery.

**Software Developer,** Ityx India Pvt. Ltd.  
October 2021 - August 2023

- Addressed and resolved issues reported on the Jira portal, ensuring timely and effective bug fixes.
- Collaborated with UX developers for new feature tickets to refine and clarify requirements, ensuring precise implementation.
